

# embrace-e-learning

Key changes in legislation regarding vulnerable adults have made this e-learning course essential training for those working as adult carers. Recognition of abuse and its causes are covered in depth, as are the legal position and issues of risk management. Real-life case studies bring the theory into sharp focus.

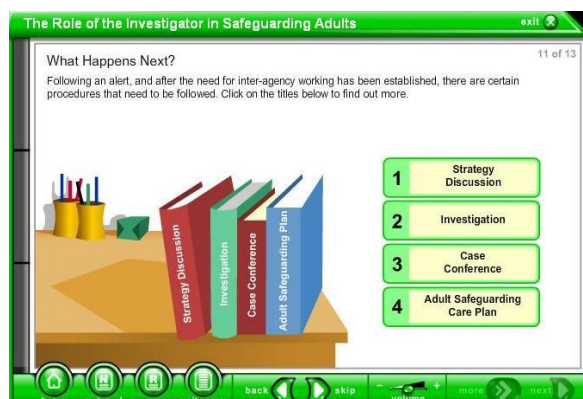

**Learning Objectives:** at the end of the course, students will be able to:

- Identify key principles in Adult Safeguarding, as outlined in the "No Secrets" policy
- Define the terms protection, abuse and vulnerability
- Recognise the signs and symptoms of abuse and identify different types
- Describe risk management and prevention in relation to vulnerable adults

- Explain how to raise a concern about abuse
- Describe the procedure for "alerting"
- Identify procedures for "whistle-blowing"
- Recognise the effects of abuse in those who have to deal with it
- List laws relevant to protecting vulnerable adults

- Name the relevant local agencies involved in investigations of vulnerable adults
- Differentiate between the roles and responsibilities of member agencies
- Identify inter-agency procedures
- Describe what a strategy discussion is and who attends
- Explain what is meant by an Adult Safeguarding Plan
